

Spring 2024 The O'Donalds in Baltimore

Spring has started out well. The kids are doing well with school and activities. If you look close in the picture, you might see that Gus broke his arm in March. He is mostly healed up now. The family is well. We are so thankful that all our crew stay encouraged about ministering in Baltimore. We pray that God is doing some of the best work in our children's hearts as we seek to serve King Jesus in Baltimore.

Gus broke his arm by falling off a log that we had sawed up. We have been having community fires where people come to our property to hear a devotion and hang out with our people. This has led to a few new folks hanging around our church. Easter came early this year. We had a successful Easter egg hunt with several new people. On Easter, we baptised Brian Dickson, a new brother who is coming to our church.

April has been great. We went on a mission trip to Logan, West Virginia, which was the first mission trip our church has ever taken. It was great to get over a dozen of us our serving somewhere in need. Also We have had several Bible studies going, and it is really good to see people growing in the Lord.

We are especially excited about a missional community that we have started near our house l, where we are fellowshiping with about 12 people- most of whom are newer believers who are excited about reaching their community.

We have had two groups come and serve with us recently. 4 Points Church came and helped us take down a big oak tree. Mt. Pisgah came and cut up the big oak and helped us have a successful outreach that we called the Garden Party. If you are intetested in a mission opurtunity please talk to Austin.

For more ways you can help and get connected go to our website. There you will find a video about some of our plans for the next few months.
