

Baltimore Spring '25 Update

Thank you for your prayers and your support! We could not do what we do without you all. We are excited to say that we do see God at work. We have seen a lot of people growing deeper with the Lord. We are seeing more at our worship attendance on Sunday, with a few visitors, and some confessing Jesus in baptism. People are excited to gather together in the name of Jesus. We are also geared up for a busy summer where your prayers and support continue to be fuel for the ministry that God has called us to.

Our family is doing great. We just finished school up with our four kids in June. Phoebe finished Middle School, which is one of those "we are getting old" moments. These pictures to the left are of our vacation at the end of spring and when Austin's family from SC visited in May.

The church had a great outreach around Mother's Day and Easter. On Easter Sunday we actually had over 100 people come to our service, which is probably a record for us. We had a spring outreach event where we really connected with our community (pictured to the right). We are planning another big block party at the church for summer on June 25. The other picture is of a church bus a church gave us in April. Wow, what a blessing!

Women's ministry is going really well. Our ladies meet once a month for fellowship and discipleship and are deployed for some kind of outreach. They were a huge part of our outreach during Easter. Also pictured on the left is a men's Bible study. One day in the spring we set up outside and cooked for the community, helping us meet a few people.

We had a great season of Good News Club in our public school in our neighborhood. Pictured on the far right are some of our people volunteering for the school carnival, which was a great opportunity to support our school and connect with our neighborhood. We also had a great time as Dave led our kids in a children's worship choir for several weeks. We did a few youth activities in the spring. (Pictured to the right is an epic trip to Krispy Kreme!) Soon we are taking the youth to camp, and we will be hosting VBS, kids camp, and many other outreaches as the summer kicks off.
